AN ARIZONA NOVEL

The Latest by Miss Gwendolen Overton.

Several of the novels of Miss Gwendolen Overton have been laid in this territory, where Miss Overton spent so much of her life as the daughter of an army officer. She is familiar with the places and people of whom she writes, so that her novels differ from most other novels laid in this part of the world. Her latest, "The Golden Chain," will therefore be read by Arizonians with interest.

Of the current Sunset says, under the title of "A Novel of the Real Arizona":

"One who reads Miss Gwendolen Overton's 'The Golden Chain,' is instantly struck with the obviousness of the fact that it is an excerpt from life. It contains but one hundred of the narrow pages of Macmillan's 'Little Novels,' but these are sufficient for the presentation of the episode in the lives of the two principal characters, Dudley Keble and Felicia Evans, which it portrays, is adequate and convincing. And the Arizona is the real Arizona—the Arizona of the blue mountains, the cool canyon, and the shining plain. There is nothing strained about the actors or the incidents; they are as natural as the thin air of that dry land, and as good as its wide, inviting spaces. Literary restraint and finish of style characterize it. So many writers appear to imagine that when the scene of their story is laid in the southwest, they must be lurid and spectacular; and, alas, only too often they succeed in being so. Miss Overton was born in the far west, the daughter of an army officer, and she knows whereof she speaks. We only hope she may speak again and yet again. She has lived for considerable time in Paris and in Washington, and is now a resident of Los Angeles."

MASKED

An Enemy Masquerades as Friend.

It seemed almost incredible to the lady who writes from Clintontville, Conn., that coffee caused the physical ailments from which she had so long suffered.

In such cases the real cause is often the one least suspected, and one is loth to believe that the mask of friendship has hidden the face of a relentless foe. "I had suffered much for years from nervous troubles, which finally so affected me that my whole system was run down, I grew pale and emaciated and had to practically give up domestic duties. The doctor did his best with me, but after 2 years faithful ministrations was compelled to admit that he had done me no good. It almost despaired of ever being any better."

"September, 1903, will never be forgotten by me, for it was in that month that my emancipation, accomplished through the use of Postum Food Coffee after I had entirely quit the old kind, commenced. I shall always remember the date with gratitude. "My improvement was a cause of wondering—almost incredulous rejoicing, to not only myself but my friends as well, so rapid and so great was it. I positively feared it would not last. My nerves quieted down and became steady and firm, my old headaches that used to follow any extra exertion ceased to trouble me, my weight increased and soon became greater than ever before, my mental powers grew more active and accurate, and the fresh glow came back to my cheeks, renewing the complexion of healthy girlhood."

"I cannot tell you how glad I was at the splendid change that Postum wrought in my condition, nor how I prize it for the good it continues to do me. We were out of it a week or so not long ago and used the old kind of coffee instead, for several days. All my bad symptoms began to return to trouble me, and it seemed like an old friend back again when I found the cup of Postum once more smoking and fragrant, on the board. It is food and drink to me." Name given by Postum Co., Battle Creek, Mich.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THE PARISIAN BLAMED.

German Court's Decision on Collision with Steamer Albano.

Halifax, N. S., Nov. 13.—A cablegram from Hamburg states that the German admiralty court, sitting at Hamburg, has held an investigation into the collision between the German steamer Albano and the British steamer Parisian, which occurred off Halifax Harbor on March 25 last. In summing up the court exonerated the Albano from any blame for faulty management and held that the accident was caused by the Parisian because she did not comply with the regulations for the prevention of collisions of vessels at sea and give way to the other steamer.

DEPARTMENT OF THE INTERIOR.

Office of the U. S. Surveyor-General, Phoenix, Arizona, March, 1905. To Whom This May Concern: Notice is hereby given that I will sixty days subsequent to the date hereof, or as soon thereafter as practicable, pursuant to instructions received from the Honorable Secretary of the Interior through the Commissioner of the General Land Office, under date of January 12, 1905, proceed with the survey and location of a tract of land known by designation as the Baca Plot Number three, situated in Santa Cruz County, Territory of Arizona, and as selected by the heirs of one Louis Maria Baca or their duly appointed representatives, on the 17th day of June, 1863, described as follows: "Commencing at a point one mile and a half from the base of the Salero Mountain in a direction north forty-five degrees east of the highest point of said mountain, running thence from said beginning point, west twelve miles, thirty-six chains and forty-four links, thence south, twelve miles thirty-six chains and forty-four links, thence east twelve miles, thirty-six chains and forty-four links, thence north twelve miles, thirty-six chains and forty-four links to the place of beginning, the same being situate in that portion of New Mexico, now included by Act of Congress, approved February 24, 1863, in the Territory of Arizona," under the act of Congress, approved June, 21, 1860, section 6, which reads: "And be

it further enacted, that it shall be lawful for the heirs of Louis Baca, who make claim to the said tract of land as is claimed by the Town of Las Vegas, to select instead of the land claimed by them, an equal quantity of vacant land, not mineral, in the Territory of New Mexico," which Territory at that time, included what is now known as the Territory of Arizona, "to be located by them in square bodies, not exceeding five in number. And it shall be the duty of the Surveyor-General of New Mexico, to make survey and location of the lands so selected by said heirs of Baca when thereunto required by them; Provided, however that the right hereby granted to said heirs of Baca shall continue in force during three years from the passage of this Act, and no longer." Certificates were duly filed on March 27, 1864, by the attorney for the Baca heirs, to the effect that the lands embraced by the above selection were unsurveyed, vacant and not mineral, as far as they had any information on the subject." So much of the said tract of land as was vacant, and not known to be mineral at the date of the said selection, June 17, 1863, is to be incorporated in the survey as subject to the grant, and all lands that may hereafter be ascertained by due investigation, to have been occupied, or known to be mineral at such date, if any, within the boundaries of the said selection will be excluded from the survey as not being subject thereto. All persons if any, claiming an interest in the above described tract of land adverse to the grant claimants, will be heard at such stated times and places during the progress of the survey as may hereafter be appointed by me, on the question of the known character of the land, and whether the same was vacant at the date of the selection, June 17, 1863. Further information will be furnished upon application to the undersigned. Frank S. Inalls, U. S. Surveyor-General for Arizona.

FOOD—NOT MEDICINE.

If all the treatments for consumption were put in book form it would make a pretty big library. But after all there has been little improvement over the old treatment of rest, fresh air, sunshine, plain, wholesome food and Scott's Emulsion. The latter supplies nourishment that cannot be secured in any other way, and after all, nourishment is what the consumptive needs first.

A gain in weight, however slight, is a long step toward improvement. If there is the least thing to build on Scott's Emulsion will enable the patient to make that gain. People have gained a pound in weight from a bottle of Scott's Emulsion—it's an exception when they don't.

We have seen Scott's Emulsion take hold of a patient and bring about a change for the better inside of a week. It always helps even the most stubborn cases.

BABY TUCKER'S WONDERFUL CURE

Covered from Head to Foot with Humours—Forty Boils on Head at One Time—Doctors and Drug Bills \$100—Baby Grew Worse.

CURED BY CUTICURA FOR FIVE DOLLARS

Mrs. George H. Tucker, Jr., 335 Greenfield Avenue, Milwaukee, Wis., is a grateful mother. "When six months old," she says, "my little girl weighed a pound and a half less than at birth. When one month old a scab formed on her face, spreading until it completely covered her from head to foot, followed by boils, having forty on her head at one time, and more on her body. Then her skin started to dry up, and it became so bad she could not shut her eyes to sleep. One month's treatment with Cuticura Soap and Ointment made a complete cure, and now my child is as large, strong, and healthy as any child of her age. The doctor's and drug bills were over one hundred dollars, and my baby grew worse all the time. Then we spent less than five dollars for Cuticura and cured her."

CUTICURA A BLESSING To Skin-Tortured Babies and Tired Mothers.

The suffering which Cuticura Soap and Ointment have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for birth humours, milk crust, scalled head, eczemas, rashes, and every form of itching, scaly, pimply skin, and scalp humours, with loss of hair, of infancy and childhood. THE WINNING STROKE

If more than ordinary skill in playing brings the honors of the game to the winning player, so exceptional merit in a remedy ensures the commendation of the well informed, and as a reasonable amount of outdoor life and recreation is conducive to the health and strength, so does a perfect laxative tend to one's improvement in cases of constipation, biliousness, headaches, etc. It is all-important, however, in selecting a laxative, to choose one of known quality and excellence, like the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., a laxative which sweetens and cleanses the system effectually, when a laxative is needed, without any unpleasant after effects, as it acts naturally and gently on the internal organs, simply assisting nature when nature needs assistance, without gripping, irritating, or debilitating the internal organs in any way, as it contains nothing of an objectionable or injurious nature. As the plants which are combined with the figs in the manufacture of Syrup of Figs are known to physicians to act most beneficially upon the system, the remedy has met with their general approval as a family laxative, a fact well worth considering in making purchases.

It is because of the fact that SYRUP OF FIGS is a remedy of known quality and excellence, and approved by physicians that has led to its use by so many millions of well informed people, who would not use any remedy of uncertain quality or inferior reputation. Every family should have a bottle of the genuine on hand at all times, to use when a laxative remedy is required. Please to remember that the genuine Syrup of Figs is for sale in bottles of one size only, by all reputable druggists and that full name of the company—California Fig Syrup Co., is plainly printed on the front of every package. Regular price, 50c per bottle.
